LETTER FROM THE PRESIDENT

David Mumma

Greetings again IGWA Membership!

I'm enjoying the slight temperature warm-up in our current weather pattern. Those of us whom work outside really appreciate this!

I'm really excited about another great year unfolding before us in the water industry here in Indiana. Every well contractor I've spoken with recently has been experiencing record growths in their water related businesses for the last two years.

2023 should also experience this same growth for water industries. Think for a moment, every person needs water; this need will never change!

As always let's get to work this year, work safely as professionals, and remember our water is a Life Preserving Resource. Let's protect our Aquifers.

If any of us here at IGWA can be of any assistance to any member, Please reach out to any Board member we're here for you!

President David Mumma
